PROFILE

Dynamic and results-driven web developer with hands-on experience at Indian Express Pvt. Ltd. and HCLTech, where I developed a CMS using PHP/MySQL and built a scalable multi-tenant system using Laravel integrated with the WhatsApp Cloud API. Proficient in Python, PHP, and intermediate-level React, with strong experience in API integrations, backend development, and real-time communication systems. A collaborative team player with a focus on building efficient, scalable, and impactful web solutions.
